Dear Valued Guest,

Thank you for placing your trust in our hotel and our associates who are dedicated to providing you with a safe and healthy home away from home.

First and foremost, please know that we are focused more than ever on the health and safety of our guests and our associates – your wellbeing is our top priority. Hygiene and cleanliness have never been more important to us – we believe that hotels can never be “too clean.” It is with your health and wellbeing in mind that we launched the “We Care CleanSM” program which include:

- Using enhanced techniques to clean guest rooms after each guest stay. We are paying particular attention to high touch point areas, to include key cards, public area computers, elevator doors and buttons, door handles, locks and latches, light switches, desk surfaces, telephones, television remote controls, and bathroom fixture handles.
- Heightened sanitizing attention to common areas, such as the front desk, restaurant furniture, and lobby.
- Hand Sanitizers have been installed throughout the hotel at all elevator landings and entrance to the restaurant.
- Prior to your walking through the door to your room, all linens and terrycloth products will have been washed in chemicals aimed at killing the virus, and at a high-heat temperature at which it cannot survive. Additionally, knowing you want to practice safe social distancing, stay-over service will not be provided
